absorption, now seems to be the only efficacious and speedy remedy. This new departure from the old method of swallowing nauseous medicines will be hailed by thousands with a welcome greeting, because, in the ROCHESTER PAD, is found a pleasant, speedy and sure relief for many diseases.

The most reliable Pad before the public is the result of the scientific knowledge of Dr. S. N. Rochester, long a resident of New Orleans, who has made the subject of YELLOW and MALARIAL FEVER his life-time study. After careful research into the causes and nature of these diseases, a study of twenty years constant application, and having passed through ten epidemics, the principal ones of which were YELLOW-FEVER scourges, he at last gave to the world the new life-giving, heaven-inspiring giff—the Mochester Absorbing Cushien. This Cushion has been found to be the most powerful agent in eradicating or preventing diseases ever known, as has been proven by scientific research and the best testimonials from sufferers in all walks of life. It is a specific for maiarial diseases, and cures in a short time torpidity of the liver and enlargement of the spleen.
